## **AIM Update**

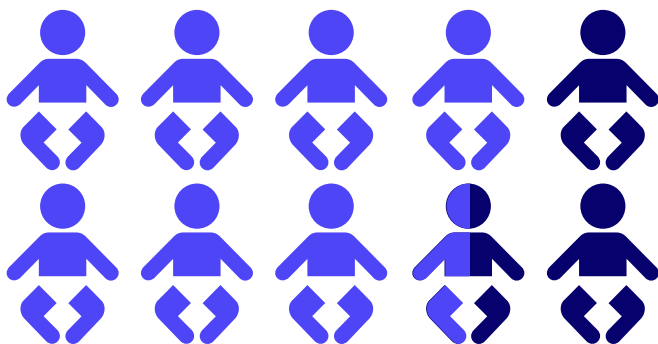

We are excited to announce that Wisconsin will become a designated Alliance for Innovation on Maternal Health (AIM) state, launching the Maternal Hypertension Bundle on March 17, 2020!

Staff have consulted other PQCs in AIM states - including Illinois, Louisiana, and Oklahoma - in planning the launch and the integration of the AIM bundles into the ongoing QI work of the PQC.

# New Steering Committee Member

Amy Domeyer-Klenske, MD currently serves as the Patient Safety and Quality Officer for the Department of OB/Gyn at the Medical College of Wisconsin and as a member of the Wisconsin Section of the American College of Obstetricians and Gynecologists's Advisory Council.

As a member of WisPQC's Maternal Work Group, Amy is interested in working on the implementation of the Maternal Hypertension AIM bundles.
